MY PORTFOLIO LINK: <https://shaun2003.github.io/SHAUN-PORTFOLIO/>

Dear Sir/Madam

Greetings, hope my letter will find you well, I come to you as I am proactive, and I am very interested in working for the company as I fulfil/acquire the requirements wanted in the company. The requirements closely match my educational background. It would be a huge privilege if I got such an opportunity to use my knowledge and skills for your review.

Throughout my past professional career, I have undertaken various important responsibilities with sincerity. I have good leadership skills and I am very good in managing my emotions when working under pressure. I am very focused, and I have the capability to complete all my tasks in given time and in providing best of service with my capabilities. I can respond quickly to critical situations. I can multitask and work hand in hand with my co-workers if needed. I am very energetic, and I complete all tasks in time.

I acquired the following skills.

- Outstanding interpersonal and communication skills.

- Time Management.

- HTML & CSS.

- JavaScript

- Python

- C++

- React/ Angular Framework.

- Problems resolver/Fixer.

- Networking

- MySQL Database.

- Node js.

I am extremely hardworking, and I am in a good position to meet all the requirements and expectations needed. I am very focused, and I have set a goal for myself which is I am very eager to succeed in life. I thrive working in a team and independently. I am aware of the kind of dedication and perseverance I will need to have for achieving the best results in the field.

Yours sincerely

Shaun Madabeni
